King Gyros Greek Restaurant Celebrates 20th Anniversary with Grand Re-opening!

(Columbus, Ohio – May 24, 2012) King Gyros is expanding! The official Grand Re-opening for the restaurant is the week of May 29 – June 9. The original dining room area has been redecorated and more seating, nearly doubling the restaurant's capacity, has been added in the form of an extended dining room area with a beautiful wall mural by local artist Carol Buccilla, and access to spacious new bathrooms. This new dining area leads to the enlarged, covered patio seating about 24 that is even more inviting than before with beautiful new paver brick, ceiling fans, and lighting. With the newly acquired liquor license, King Gyros' fans can enjoy Wild Caught Salmon, Pastitsio or one of the many tasty appetizers with an ice-cold beer on the new patio this spring.

This popular, long-standing family-owned eatery may have a new look, but the food is still the same high quality, delicious authentic Greek food made from scratch that patrons have come to expect and new customers will crave. Owner and manager of King Gyros Greek Restaurant, Yanni Chalkias, is celebrating his 20th year as proprietor and overall grand master of this successful Whitehall establishment in style.

Keep an eye out for upcoming events this summer!
