

Show Your Holiday Spirit & Appreciation With Personalized Wine Bottles, Wine Tastings, and Gifts

The holidays are the perfect time to spread holiday cheer and to show how much you appreciate your clients and employees. Signature Wines offers a variety of options to show your gratitude, including the following:

- Six different varieties of locally-made wines from the finest grapes and juice from the Alexander Valley region of California
- Bottles of wine, which can be customized with your company's logo or message
- Tours of the winery
- Tastings at the winery or at a location of your choice, which can include food and wine pairings
- Wine bottles coated in chocolate that can be paired with the wine inside
- Gift baskets

Moreover, Signature Wines cuts a new niche by offering customized bottle labels, making each unique and memorable. We have an extensive selection of label graphics and a library of phrases appropriate for any occasion. Once the labels are created, they are affixed by hand to the bottles. Customized label design is included in the price of the wine.

No minimum order is required and there is no set-up charge for a customized label. In addition, Signature Wines offers a 10% discount on cases of wine with the same label on all 12 bottles.
